

IBPSA-USA Chapter Sponsorship Program

The IBPSA-USA [Sponsorship Program](#) provides a forum for friends, colleagues, and organizations to support our mission and jointly advance the vision of fostering better buildings through energy simulation. Many organizations have chosen to support IBPSA-USA through the sponsorship program. Learn more about the benefits of [becoming a sponsor](#).

Now you have the opportunity to sponsor our individual chapters at two levels:

Entry Sponsor, \$100-\$500

- Benefits: Logo on Chapter site with link to sponsor's site; logo on all meeting invitations/emails.

Founding Sponsor, \$1,500

- Entry Sponsor benefits, plus option for: 2-5 minute introduction at all 2016 events, or hand-outs on tables at each event.

Local sponsorships help regional chapters grow membership, create awareness regarding building simulation, and boost regional knowledge bases about high performance design. While regional chapter sponsorship levels differ from national sponsorships, many of the same perks are afforded to organizations choosing to support their region.

Contact Executive Director Mike Wilson at mike@ibpsa.us if you're interested in supporting one of our regional chapters. Learn more about the benefits of sponsorship by reviewing our [Become a Sponsor page](#).
